Dear Laurie,

On behalf of Marvell Semiconductor Inc, I wanted to thank you for the great job that you did for us at our 2003 Worldwide Sales Conference. The variety of photos that you took of all the sales conference participants, along with your ability to "capture the moment" was outstanding. Your passion and professionalism towards your work really showed in the photos. Not to mention that the slide show you put together for our Awards Banquet was the hit of the evening. I would highly recommend your work to any other company that is looking for a true professional to photograph their event. I'm looking forward to hopefully utilizing your talents again in the future.

Best Regards,

Steve Quan
